

Top customer reviews – Taylor Manse

Format: Kindle Edition

Not a bad read. Kept me interested and did not have the end figured out before I finished the book. Different concept.

Format: Kindle Edition

good beach read

Format: Audible Audio Edition

I don't believe I've ever heard a narrator so good that I could, as they say, listen to him read the phone book. That's Allan Philip Ormond, whose character portrayals are amazing. The story keeps you on the edge of your seat waiting to see what lies around the next corner. An excellent read. The story of Taylor Manse had me at the edge of my seat, quieting anyone who tried to talk to me while listening to it. Not only was the plot a mysterious and thrilling trip through the history of a haunted mansion and its murderous inhabitants, but the narration was superb! Each character took on a life of its own through Phillip's voice, all with their own personalities and quirks. Highly recommended! Phillip Ormond has narrated other novels, all of them also a great listen.

Format: Paperback

C.H. Foertmeyer is the author of ten previous books. He favors fictional stories about the unknown, the mysterious, time travel, and the courage of honorable humans. With Taylor Manse he incorporates all these but adds a new, frightening twist: a hair-raising battle between good people and the ultimate Evil.

Wade Robinson is a skilled craftsman who buys, rehabs, and resells houses for a living. In the tiny hamlet of Buffalo Brook, Vermont he finds the ideal fixer-upper, a 19th century Victorian home named Taylor Manse. Several months into the project, Wade is beginning to suspect his wife Anne is "nesting." She's tired of moving from project to project and hopes to settle down in Taylor Manse for good. Two occurrences convince Wade that living at Taylor Manse is not in their best interest. First, locals at his favorite pub share the mansion's dark history: every 25 years on December 27th, gruesome murders and vanishings occur. And second, before Wade has time to investigate the mansion's history, his renovations uncover a trap door to nowhere in the center of the living room floor. At least, he THINKS it goes to nowhere. The twenty-fifth anniversary of the last gruesome murder is fast approaching. Wade needs to finish rehabbing Taylor Manse so he and Anne can move on before December 27. But strange findings in a crumbling carriage house on the property distract him from the renovation. The impossible and unimaginable threaten his life and Anne's, and even moving thousands of miles across country can't protect them now.

In all his books, Foertmeyer writes about good vs. evil. In Taylor Manse our hero learns that once evil takes hold of a life, it does not let go without a fight. A supernatural, ancient horror stalks them and Wade must be the one to stand against it. I've read every one of C.H. Foertmeyer's books and thoroughly enjoyed them all. All are imaginative, entertaining, and sometimes scary, but I think Taylor Manse may just be his best so far.

Format: Audible Audio Edition

Narrated brilliantly.

I really liked this audio book. It's perfect to listen to in the car!

This book was awesome!

This was a great read. It happens so very rarely that it's a wonderful surprise when it does.

Alan Phillip Ormond narrates this one nicely. Wade and Anne fix houses up to re sell. This time, they picked the wrong house. They sell it and destroy it ,they will never be rid of the fall-out. I loved this one!

I was given this book free for an honest review
